Over Four Hundred Votes For Dr. A. M. Rodrigues

DR. ALBERTO MARIA RODRIGUES, M.B., B.S. (H.K. University), yesterday won the election for the vacant seat on the Urban Council securing 407 votes.

The other candidate, DR. ROBERTO ALEXANDRE DE CASTRO BASTO, M.D., B.S., M.R.C.S., L.R.C.P., D.O.M.S., who was standing for re-election, secured 266 votes.

The election took place in the office of the Registrar of the Supreme Court.

Altogether 682 persons eligible to vote attended the polling booths. Nine votes were declared invalid for various reasons.

Polling began promptly at 10 a.m. yesterday, and continued uninterruptedly until 6 p.m. Throughout the entire eight hours the Registrar presented a busy scene, there being a practically constant stream of voters in addition to a number of spectators interested in observing the election procedure.

Voters comprised people of many nationalities, and occupations, including many prominent men holding high public offices, lawyers, doctors, newspapermen, business executives, shopkeepers, clerks and others.

A prominent Legislative Councillor was one of the first to drop a ballot paper in the box.

Mexican Oil Industry Conditions

DRASTIC CHANGE INEVITABLE

MEXICO CITY, February 29 (Reuter).—A drastic change in the existing conditions of the Mexican oil industry is inevitable, otherwise Mexico would not be able to meet the indemnities to the expropriated foreign oil companies, announced President Cardenas at a conference with delegates of all sections of the industry.

President Cardenas declared that national economy would suffer a grave reverse unless his proposals were adopted.

He urged the delegates to fall in line with his ideas: that the oil industry could successfully be conducted without more employees than when it was taken over in 1938, and that all unnecessary hands, now on the pay-rolls through union or political influences, must be dismissed.

Revision of the administrative posts and salaries was an urgent necessity and the Republic must in future count on a full day's work from all labour.

Well-informed circles regard President Cardenas' statement as very significant and consider that it may possibly involve a serious change in the Government's policy and their labour and socialistic programmes.

Nazi Anti-Aircraft Batteries' Passivity

SPECIAL TO H.K. Daily Press LONDON, Feb. 29 (Havas).—The Daily Express gives the following three reasons for the passivity of German anti-aircraft batteries during the recent British flights:

Firstly, the Germans are reluctant to reveal the exact position of their well-equipped anti-aircraft batteries and searchlights and to reserve them for the day when Britain launches massive air attacks against Germany.

Secondly, anti-aircraft guns would disturb work in the factories; and

Thirdly, the German authorities wish to avoid the moral effect which anti-aircraft fire would have on the population.

JAPAN—U.S. TREATYLESS SITUATION

TOKYO, Feb. 29 (Reuter).—The Foreign Minister, Mr. Hachiro Arita, was asked in the Lower House today whether the Foreign Office would bow before the will of the United States in connexion with the present treatyless situation between Japan and the United States.

In reply, the Foreign Minister said: "Japan has nothing to fear even if the United States should oppose in toto the construction of the new order in East Asia and falling utterly to understand Japan's aims in China, or even if the United States should insist that their view of the matter should be accepted."

"But things have not come to such a pass," he added. He reiterated that he had no thought whatever of pursuing such a makeshift policy as negotiating for a modus vivendi to the Japanese-American trade pact on condition that the Yangtze was reopened to traffic.

CHAMBER OF SHIPPING PLEDGE CO-OPERATION IN PROSECUTION OF WAR

LONDON, FEB. 29 (REUTER).—THE CHAMBER OF SHIPPING HELD ITS ANNUAL MEETING IN ITS OWN HOME, FOR THE FIRST TIME IN ITS HISTORY OF OVER 60 YEARS, WHEN IT MET TODAY IN THE NEW BUILDING IN ST. MARK'S AVENUE.

The President, Mr. Leslie Mann, paid tribute to the retiring President, Mr. Robertson Begg, for the mastery manner in which he led the industry during the strenuous first months of the war.

Sir Leighton Seagar declared that since the war began, losses suffered by shipping personnel were higher in percentage than those of the Army, Navy and Air Force.

Lord Essendon proposed a resolution pledging the industry's co-operation in the prosecution of the war and urging the Government to take steps to enable shipowners to maintain and expand the industry.

Lord Essendon said that they must have power to replenish their fleets with new ships and pointed out that the controlled rate for British ships from the River Plate was 43s. per ton while the rate paid to neutrals by the British Government for the same service was 130s.

He said that these figures indicated the benefits which foreign shipowners were obtaining and the need to be created with which to beat British owners in the future.

He urged that they should be allowed to make earnings sufficient to provide fully for replacements. The resolution was carried.

ADMIRATION EXPRESSED British Wireless adds that Sir Philip Haldin said, "On behalf of the owners of every class of vessel I take this opportunity of expressing our admiration of the masters, officers and seamen who today are serving in the real forefront of the war."

In this connexion, it will be recalled that Mr. Churchill announced, in a recent speech, his intention to substantially expand the merchant navy.

Several valuable prizes will be given by the Referees' Association, Mr. Tin Lap Fat, Soccer manager of South China A.A. and Mr. H. A. Beard, the well-known local referee.

CHELSEA HELD BY FULHAM

Chelsea, who had given a spirited display at Reading, went back to the close-passing game at Stamford Bridge, and were held to a 1-1 draw.

This statement is not meant to detract from the merit of Fulham's performance, which was obvious to all who appreciated the difficulty the Craven Cottage club had had in arranging their side.

Rooke made a successful comeback at centre forward after nine weeks' absence through injury, and Finch, another recent casualty, also did good work.

DEFENCES DICTATED

But generally, the defences dictated the play, Fulham are lucky to have such a fine deputy for Bacuzzi as Freeman and so good an emergency centre half as Tompkins.

On the Chelsea side, Salmond and Barber, who made full use of their physical advantages and the wing halves, Mayes and Tennant, took the honours.

Smith (J. F.), at inside right, was the only Chelsea forward to impress, and he gave them the lead ten minutes after the start. With a few minutes Rooke, with a hard ground shot from Arnold's cleverly placed pass, equalised.

DAI ASTLEY SAVES ORIENT

Crystal Palace 1, Clapton Orient 1. Thirty minutes after the start of the game at Selhurst, Welsh international Dai Astley scored his first goal for his latest club, Clapton Orient.

There was high skill in the way he met a fine centre from R. A. and swerved it beyond Toftill, but apart from this picture effort, Astley was not very conspicuous.

Indeed, most of the scoring efforts in a rather tame game were made by Palace, but it was not until near the interval that they drew level.

DETERMINED ATTACK

Then, inspired by Gregory, they set up a determined attack, and Smith headed through from Barker's centre.

Orient lost Shankly, who had the misfortune to break a collar bone early in the second half, and

HOME SOCCER

LONDON, Feb. 29 (Reuter)—In the South A. Division of the English Regional Football competition, Crystal Palace drew with Tottenham Hotspurs, each side scoring a goal.

The monthly meeting of the H. K. Football Referees Assn. will be held at the Hotel Cecil on Tuesday, Mar. 5, at 8.30 p.m. Mr. H. S. Stokes will give a short talk on the "Football League".

thereafter Palace had chance after chance to win the game. Their inside men were hesitant, however, and though Wilson, Barker and Smith initiated many promising movements, their marksmanship was poor, and Orient rather luckily got away with a point.

GRAND FIGHT BY NORWICH

Arsenal 2, Norwich 0. Shock team of Regional football, Norwich, all but achieved a feat which would have set every bird in the canary city singing.

Three minutes after the interval they had a two-goals lead—they had taken their chances, which Arsenal hadn't done—but then the Londoners woke up, and not even the plucky Norwich defence could withstand the tremendous rally which levelled the scores within four minutes.

COURAGEOUS DEFENCE
In the end Norwich may have been lucky to have earned a point, but no praise could be too high for their courageous defenders.

Burns was a grand keeper—three saves from Kitchen were really brilliant—and he was splendidly covered by the backs, Dale and Taylor; while Reilly, centre half, admirably accomplished the task of shutting Leslie Compton.

Chadwick converted a centre by Plunkett to open the score for Norwich after ten minutes. Three minutes after the interval Furness increased the lead, but, almost before the cheering had died down, Lewis and Nelson replied for the Arsenal.

TEAM-WORK WON FOR WEST HAM

West Ham 6, Millwall 2. West Ham played three men, R. Walker, Barrett, and Fenton, in turn at centre half, but even these compulsory changes brought about by injuries did not spoil their teamwork, and in the end Millwall were thoroughly outplayed.

Superiority at wing-half, where Fenton and Barrett excelled, and the superb footwork of Goulden were the factors which put West Ham on top.

Foreman, who got three goals in a row, Small (2), and Foxhall were the West Ham scorers. Young Jinks, who loses no opportunity of revealing his shooting powers, got both Millwall goals.

PALACE LED 3 TIMES BUT LOST

Charlton Ath. 3, Crystal Pal. 3. Palace, playing smart football on a treacherous ground, deserved a better fate than to be beaten by the odd goal of nine in a game in which three penalties were awarded.

Three times the visitors were in the lead. In turn, Wilson, Robson, and Blackman put them ahead, but each goal was quickly followed by an equaliser from Walsh, the Charlton centre forward, whose steady leadership was an inspiration to his side.

Then Collins, the Palace right half, had the misfortune to deflect a shot from Brown into his own goal, and Charlton went on to increase their lead through Wright.

Just before the end Palace came again, and Gregory scored from a penalty.

FULHAM FORWARDS HAD THRUST

Fulham 5, Boscombe 2. From a territorial point of view there was little to choose between two well-balanced teams at Craven Cottage, but Fulham whose forwards were strongly led by Woodward, were just a bit more thrustful.

Fulham had it in defence, too. Bacuzzi tackled strongly and kicked a consistent length, and Hiles was an outstanding pivot.

Boscombe often found their men with clever passes and revealed good approach work, but they were given few scoring opportunities. Saniaghan and Wilson were prominent in defence, while Paton, inside right, and Kirkham centre forward, did best of the attack.

Within two minutes Fulham took the lead through Wilkins, who headed a spectacular goal. Paton equalised with a minute, and Taylor gave Fulham a 2-1 interval lead.

In the second half Boscombe drew level when Bacuzzi put through his own goal when attempting to clear a centre by Lavery, Thomas and Woodward (2), then obtained further goals for Fulham, the first of Woodward's goals coming from a penalty.

spirit after the interval, they were lucky not to lose by a greater margin than nine goals to four. Brighton's attack played dazzling football in the opening half, and they were well worthy of their 5-1 lead.

BRIGHTON, DAZZLE
Brighton 9 Southampton, 4. Trace of Brighton's forwards did the "bat trick" against Southampton, and, although the visitors played with much more

SMALL CROWDS SEE 198 GOALS RUSH

Q.P.R. Score Seven In Second Half

This Regional Soccer goes from mad to worse. A fortnight ago we had 212 goals in 43 games. Full League football never approached the figure, which stands as an all-time record.

But recently 34 games produced 198 goals—an average of nearly six a match, writes a Home correspondent.

Yet, once again, there was one thing lacking—the crowds merely queued up to stay away.

The total attendance at the principal matches, was about 75,000, barely more than 2,000 a match.

And it wasn't so long ago that 300,000 people would willingly have paid inflation prices for Cup Final tickets.

The experts argue and the managers moan, but the one simple fact emerges: football will never get the crowds back until there is a real League tournament with something for the winning at the end of it, and also until the good day comes when poor, but honest, players stop shuffling around between the clubs as the district they live in suits them.

GOALS WERE PLentiful. Three games actually ran into double figures. Wilson, Davies, and Farrell all notched hat-tricks for Brighton, who beat Southampton 9-4. Carterick scored four for Stockport, who trounced Bradford, 7-4, and Bury beat Stoke 7-6 in a crazy game which started with a nice, placed 1-1 first half and then ran riot.

And just to help things on five of the 11, second-half goals came in seven minutes.

Even more amazing was the escape at Brentford, when the home team lost 7-0 to neighbouring Queen's Park Rangers.

Both sides had won their last five games, and it looked like being anybody's money after a blank first half.

Then the Rangers scored seven and 4,000 people pinched themselves.

Chelsea, just to annoy the cartoonists, are starting winning again. Joe Payne, fair-haired inside forward, they still call him Ten Goal Joe down at Luton—rattled up four on his own at Reading, and Chelsea won 5-1.

Arsenal, League aristocrats, and the team with the best Regional record in all Britain, had a scare at Tottenham, adopted home, where they only drew 2-2 with Norwich.

Norwich, a goal ahead at half-time, scored again soon after the start, and the Arsenal had to pull apart, and the Arsenal had to pull out one of their traditional second-half finishes to save the match.

"A CHUMP AT OXFORD"

The decorum dignity and lofty educational standards of British institutions of learning are well known to academic circles, but Stan Laurel and Oliver Hardy who are co-starred in the Hal Roach production, "A Chump at Oxford," which begins an engagement at the King's Theatre today learned that the English college boys are no different from their American cousins when it comes to hazing and the initiation of new students.

What our local collegiates like to regard as a product of the American sense of humor in their campus pranks, find their counterparts abroad as well, assert the five former Oxford students who are seen in supporting roles with Laurel and Hardy.

PREPARED TO TAKE THE RISK

MONTREAL, Feb. 29 (Reuter)—Some 120 Canadian ship officers and seamen are being recruited by two United States oil companies to sail their tankers through belligerent waters, reports the Montreal Herald.

HIGHER WAGES
Recruiting is said to have been revealed when officials of the Canadian Seamen's Union in Montreal admitted that they had been approached to obtain men. Wages 25 per cent above normal are said to have been offered.

Recruiting in Canada results

ARGENTINE STEEL FIRM BUYS GRAF SPEE WRECK

MONTVIDEO, Feb. 29 (Reuter)—It was stated in shipping circles here yesterday that the wreck of the Graf Spee has been sold by the German authorities to an Argentine steel firm.

from the United States Government's restrictions on Americans trading in belligerent waters, the paper states.

AEROPLANE FUEL
The companies concerned are said to be registering their vessels under the Norwegian and Panama flags in order continue shipping the highest grade aeroplane fuel to Europe.

PREMIER'S APPEAL TO FARMERS Home Production Of Food Must Be Stimulated

LONDON, Feb. 29 (Reuter)—An appeal for stimulation of agricultural products was made by Mr. Chamberlain, in addressing the Chairmen of the County War Agricultural Executive Committee yesterday afternoon.

"We are turning the country into a huge armaments workshop, thereby placing a strain upon shipping which did not exist in peacetime," said the Premier.

The Premier declared: "Our shipping losses, though substantial, compare in trifling proportion to the volume of our shipping. It is necessary to adopt measures which add to their safety, but which are not, in themselves, economic."

THE WAY OUT
In addition to the amount of shipping at our disposal, another limiting factor in importation is our resources in foreign exchange. The way out of the dilemma is to increase home production of food. "Some venerable prophets of agriculture say that the Government's programme of two-million acres is much too low a figure, but two-million was chosen as the higher figure we thought was obtainable in the time."

The programme has been handicapped by weather, but it should still be possible to attain this programme if everybody puts his back into it.

The War Cabinet would be behind the farmers in their effort and the Premier said he had asked the Lord Privy Seal to identify himself personally with the campaign.

DEFINITE ASSURANCE
Referring to reports that some farmers were hesitating to contract for sugar beet, because they were afraid there would be insufficient labour to deal with the crops, Mr. Chamberlain gave a definite assurance that the Government would take whatever steps were necessary to see that the crops, when grown, are harvested.

The Premier also gave an emphatic denial to any idea that farmers would be treated any worse than industrial factories.

There was a limit to the amount that can be spent in subsidies and it was essential to keep away from the vicious spiral in which prices and wages go chasing each other.

Regarding the position after the war, Mr. Chamberlain declared that the Government was determined, if they were still in office, that agriculture should not be allowed to collapse as it did last time.

THE SPIRIT OF ROYAL NAVY

Striking Samples Given To Commons

LONDON, Feb. 29 (Reuter)—Following Mr. Churchill's brilliant speech on the Navy Vote in the House of Commons on Tuesday, Mr. Geoffrey Shakespeare, Parliamentary Financial Secretary to the Admiralty, gave members some details of the spirit of the Royal Navy.

HIS MECCA
He told of one ship, which, before Christmas, was looking for the Deutschland. One night a light was seen on the horizon that might have been their quarry. Every man on board rushed to points of vantage.

A fifteen-year-old Maitese seaman, who was soaking in a hot bath at the time, rushed up as he was on to deck, where the temperature was around 20 degree Fah. He stood on the pom-pom deck to look at what to him, was the mecca of his dreams.

CREWS RESPONSE
In another case, a warship put into port for repairs. She had 350 tons of ballast on board and this had to be moved.

The captain told that it would take 24 hours. The ship could not afford to wait that long, so the captain appealed to his crew. Led by the Chaplain, they got to work on the ballast and moved it all in 11 hours.

GROWLING LESS, PURRING MORE

Nazi Attitude To U.S. Changes

PARIS, Feb. 29 (Reuter)—Mr. Sumner Welles, President Roosevelt's Personal European Observer, is now on his way to Berlin from Rome. He stopped over at Switzerland on Tuesday.

NAZI PRESS & RADIO
On the eve of his arrival in Berlin, the German press and radio are whipping up a desperate anti-British campaign, trying to make out that peace is impossible while British terror remains.

Commenting on this, French newspapers are of the opinion that the German press has changed its tune towards the United States and are now growling less and purring more.

VIGOROUS & CONFIDENT

PRESS COMMENT ON MR. CHURCHILL'S SPEECH

LONDON, Feb. 29 (Reuter)—Mr. Churchill's Navy Vote speech on Tuesday was the subject of press comment as expected.

NOT COMPLACENT
The Yorkshire Post says that the speech was vigorous and confident, but not for one moment complacent.

The Daily Telegraph stresses Mr. Churchill's remarks that he was wrong when he said that Germany was building two U-Boats a week. Germany may reach that figure in the future, but she had not done so up to the end of 1939, whereas we are maintaining our figure of destroying two to four a week.

GRATITUDE TO NAVY
The Yorkshire Post, however, probably best sums up the opinions of the British press when it concludes its leading article by remarking: "No one can read Mr. Churchill's speech without feeling heartfelt gratitude to our sailors of every rank and grade. It is certain that we shall have much further cause for gratitude before the year is out."

Less Whiskey Manufacture In Britain

LONDON, Feb. 29 (Reuter)—The amount of whiskey and other potable spirits to be manufactured in Britain this year will be limited to one-third of last year's output. This was announced in the House of Commons yesterday by the Minister of Food.

CEREAL SHORTAGE
He explained that the restriction was due to the shortage of cereals and animal feeding stuffs.

The supply of whiskey will not be affected for some years to come, because of the present large stocks, and prices will remain unchanged.

As much beer will be brewed as last year, although the amount of sugar must not be over 70 per cent of normal requirements. Cereals will be available to meet any deficiencies.

WEALTHY CATTLE DEALER BOUND AND GAGGED IN WEST POINT: ROBBERY CASE HEARD AT CRIMINAL SESSIONS

Chinese P.C. Reprimanded By Mr. Justice Lindsay

The story of how a wealthy cattle dealer was robbed of about \$5,000 in money and jewellery after he and his family, about 15 persons in all, were bound with wire and gagged with oranges by an armed gang, was unfolded before Mr. Justice R. E. Lindsay at the Criminal Sessions yesterday by Mr. E. H. Williams, Crown Counsel.

Arraigned in the dock were WONG WAI, 23, cattle drover, YU LAM, 19, unemployed, CHENG CHI, 29, cook, CHEUNG WOOT, 34, vegetable gardener, and KONG CHAK, 23, unemployed.

They were charged with robbing Kong Chun-wah of \$3,200 in Hongkong currency, \$1,300 in Chinese money, three gold bangles, a gold pocket watch, gold and jade chain, three gold rings and a pair of diamond earrings. They also stood charged with robbing Chan Kwai of a wrist watch.

The robbery was alleged to have occurred at about 7 a.m. on Dec. 30 last at No. 56D, Belchers Street, Cheung Chi and Cheung Woot had pleaded guilty, while the other three were on trial.

Mr. Percy Chen, instructed by Mr. M. A. da Silva, appeared for the second defendant, Yu Lam.

The jury comprised Messrs. J. R. A. Pearne (Foreman), Chan Tak-sang, Mak Shi-ping, J. M. Walker, C. A. d'Assumpcao, A. E. Gutierrez and Muk Chak-sang.

Mr. Williams said that the Crown case was that the three men on trial, with the others, had agreed to rob Kong Chun-wah and that each had a share in the property.

The victim lived at No. 56D, Belchers Street where he had his office and living quarters. He also had a safe in which he kept his money and jewellery.

KEYS REMOVED

On the day in question he was asleep there with about 15 of his family when, about 7 o'clock in the morning, he was awakened by some men. He was then gagged and a towel was thrown over his face. The others in the room were similarly treated. The cattle dealer's person was searched, his safe keys removed and money and jewellery taken from the safe.

After the robbers left they met Wong Kan, a lorry driver, who had parked his vehicle at the junction of Belchers Street and North Street, waiting for hire.

The first defendant happened to know Wong Kan and engaged his lorry to go to a house near the Central Theatre ostensibly to remove some furniture. When they were near the Tai Ping Theatre, however, far away from their original destination, the men jumped out of the lorry and ran down a side street. Before going, first defendant gave Wong a \$10 bank note.

Mr. Williams then related how on information received, the police arrested the accused men at various places and found certain sums of the stolen money. He also said that a search of the fourth accused yielded a \$100 bank note on his person.

ACCUSED CHARGED

When the men were charged they made certain statements to the police. The statements made by the men on trial were as follows:

Wong Wai: "I did not go up to the floor. I was asked to stay at North Street. I got \$150 in Hongkong money and \$150 in Chinese currency."

Yu Lam: "I did this because I was forced to do so by circumstances. I merely followed the others."

Kong Chak: "I was forced to do this matter. I was not willing. I know nothing about the jewellery. Yu Lam paid me \$500. His intention was that I should not tell anyone. I was not present during the robbery."

About a fortnight later, at the Magistracy, the accused again made statements. The first defendant produced a notebook which was interesting because it contained the name of the fifth defendant. The second accused said he was in Macao and won money by gambling while the fifth said he was not there and was mistakenly identified.

EVIDENCE CALLED

After Mr. K. A. Bidmead, Superintendent of Police, had given evidence of the identification parade, Kong Chun-wah related how he had been robbed. He said there were only two men, while Kong Yu ping, another Crown witness said there were four robbers, one of whom carried a short firearm, while two carried knives. He was

not able to identify any of the men in the dock.

Lo Wing-wah also testified that four men entered the house. He too, with the others, was bound and gagged by having an orange stuffed into his mouth. A boy, Kong Sing-choy, was positive in his identification of the fifth defendant.

Wong Kan, the lorry driver, then told of his surprise at receiving \$10 for a fare for which he would normally have been paid only \$1 after which Shok Tui, Chief Chinese Detective of Yau-mat Police Station, denied the allegations made by the prisoners that they were beaten by the police. These allegations were also strongly denied by Sgt. Fraser.

WITNESS REPRIMANDED

When P. C. C12, Ho Shu-fan, took the stand he gave his evidence in such an unsatisfactory manner, frequently contradicting himself that he was severely reprimanded by his Lordship. He eventually said that he went off duty at 6 p.m. and when on his way to Kennedy Town, an hour later, he received information and arrested the first defendant with whom he had been in conversation earlier that evening.

His Lordship said: "You have deliberately contradicted yourself and given false evidence," and, turning to one of the police officers, assisting with the prosecution, he added: "will you see that this man is reported."

After hearing the case for the Crown, his Lordship adjourned the hearing until Monday morning.

FREEDOM FOR AGED MAN: GIVEN \$5

Kwok Shun, aged 71, who appeared on remand before Mr. T. J. Houston at the Central Court yesterday charged with keeping an opium divan and possession of opium and pipes, was discharged and was given \$5 from the Poor Box.

He appeared on Wednesday morning and had been persuaded to give the name of the owner of the divan. He was offered his freedom and \$5 to start life anew if he would go with a police officer and point out the man who employed him.

At the Central Court yesterday Wong Yan, 35, unemployed, the master whom he had pointed out, walked into the dock while Kwok was allowed to go free.

SPECIAL SERVICE FOR WELSH

On Sunday morning next, being the Sunday after Saint David's Day, a service of particular interest to Welsh people will be held in the English Methodist Church, Queen's Road East (opposite the Royal Naval Hospital) at 10.15 a.m.

The preacher will be the Rev. P. E. Jones, B.Sc., a recent arrival in the Colony, and the hymns selected are well known traditional Welsh airs.

It is many years since a service of this nature was held in Hongkong, the last occasion being when the Rev. E. G. Powell, of the Union Church, was here.

GLOUCESTER ROAD ROBBERY

Appearing before Mr. H. G. Sheldon at the Central Court yesterday charged with armed highway robbery, two unemployed men, Lai Shing, 29, and Li Fai, 22 were committed to the Criminal Sessions.

The defendants were alleged to have robbed Yu Mo ying, a servant employed at the China Fleet Club, on the staircase of No. 58, Gloucester Road on January.

GERMANS FROM ASAMA MARU HANDED OVER

The Naval Intelligence Centre, H.M. Dockyard, Hongkong, issued the following statement to the press yesterday:

Early this morning B.M.S. Kanimbla arrived off Yokohama having on board nine German nationals taken from the Asama Maru.

These men were handed over to two officials from the Japanese Foreign Office in the presence of Captain D.N.C. Tufnell, D.S.C., the British Naval Attaché, Tokyo.

As soon as the formalities in connection with the handing over of the Germans was completed, B.M.S. Kanimbla sailed.

A Reuter message states that the British auxiliary cruiser Kanimbla (10,985 tons) arrived off Yokohama yesterday with the nine Germans taken from the Asama Maru who were handed back to the Japanese authorities.

Twenty-one Germans, all of whom are of military age, were taken off the Japanese liner about 35 miles from the coast of Japan.

Later, the Japanese Government protested to Britain over the matter. The Germans were sent ashore in a launch and taken to the Yokohama Harbour Master's office where their passports were examined.

About 50 Japanese cameramen and reporters were on the jetty but the Germans were not permitted to talk. The whole of the proceedings were carried out in a very orderly manner. It is understood that the Germans will be handed over by the Japanese to the German Consul-General at Yokohama and will later be accommodated at the new Grand Hotel.

ALLEGED ASSAULT ON WATCHMAN

Four Sailors Found Not Guilty

Four seamen of the Royal Navy, who appeared on remand before Mr. R. Edwards at the Central Court yesterday, charged with assault on Lam Mau, watchman employed by the Gloucester Hotel, were found Not Guilty were discharged.

The men, F. Mallstones, G. R. Williams, R. D. Reader and K. Rogers, were alleged to have assaulted Lam Mau outside the Gloucester Hotel on Friday night.

Lam told the Court that the defendants attempted to enter a taxi which had been ordered for a party of customers. He prevented them from entering and was assaulted. He could not say which of the four men assaulted him.

TWO MEN RUNNING

An Indian constable said that he saw the first and second defendants running from the scene and the complainant was on the ground.

The third and fourth defendants were discharged at the conclusion of the prosecution's case, while Mallstones and Williams, who denied the charge and gave evidence, were also discharged.

JUNK ROBBERY IN BRITISH WATERS

Four Men Gaoled At Sessions

The case in which four men stood charged in connexion with a robbery in British waters was concluded before Mr. Justice R. E. Lindsay at the Criminal Sessions yesterday morning. The first accused, Chan Wal, was sentenced to five years' hard labour and the others, Chu Tai, Kwok Lal and Wong Kam-shui to three years' hard labour each. The first defendant was charged with receiving stolen property and the others with robbery.

The jury returned unanimous verdicts of "guilty" against each of the accused. The verdicts were made without retiring.

Mr. E. H. Williams, Crown Counsel, prosecuted, with the assistance of Detective Sub-Inspector R. Cunningham.

The jury comprised Messrs. W. J. Carroll (Foreman), U. Kiy-yiu, K. E. M. Caudron, S. A. Rehman, Wal Mat-lok, A. R. de Pinna and J. C. Buil.

The complainant was Chan Ma-cheung. He was sailing his junk at Mak Mun on Nov. 18 with a cargo of wood oil, pigs and copper cents when his craft was robbed by five men from another boat, said Mr. Williams. Three of the robbers were armed, one with a rifle and two with revolvers.

HERDED BELOW DECK

Chan and his men were herded below deck while the robbers transferred the cargo, the latter eventually departing on the appearance of another junk. His junk's sails were cut and the vessel was adrift when they were sighted by a steamer and brought to Hongkong.

Following evidence for the prosecution, first accused said he had not known that the goods he had sold had been stolen.

Second accused said he had not known what he had been arrested for.

Third accused admitted the offence and said he had done it because he had no food to eat.

Fourth accused also declared that he had been innocently accused.

HONGKONG, MARCH 1, 1940

Wang's New "Government"

THE SHANGHAI "TA MEI WAN PAO" claims that, after a year of delay, Wang Ching-wei's puppet "Central Government" is to be inaugurated on March 10. We doubt it. Too many "definite" dates have been set before, and each time the plan has miscarried. Moreover, it has been uncertain at times whether the Japanese really wanted to commit themselves to the support of such a baseless structure, or have been attempting to use the threat of its establishment as a lever to induce the Central Government (without quotation marks) to talk peace. Recent pronouncements from Tokyo have given strength to the latter supposition. If the puppet regime is, after all to be set up, on March 10 or some other date, it is because this speculation has irrevocably failed.

THE LIST of cabinet members given by the Shanghai paper is very interesting. If accurate, it indicates that while Wang has come to some agreement with the Liang Hung-chih puppet show in Nanking, the Northern "Provisional Government," and its Japanese backers, are still obdurate.

THE ARCH-TRAITOR Wang Ching-wei will be President of the Executive Yuan, and, to ensure that every wish of his Japanese backers is smoothly carried out, concurrently Minister of Foreign Affairs. The squire of President of the Legislative Yuan will go to Liang Hung-chih, now head of the Nanking "Reformed Government." Wang Ching-wei men will have all the key Ministries, with the notable exceptions of those of War and Interior, for the first of which Jen Yuan-tao, a member of the "Reformed Government" has been nominated. The solitary importation from Peiping is the notorious Anfuite swindler Wang I-tang, a tool of Japan for twenty years. He, gentle touch, will rule over the civil service as President of the Examination Yuan.

LET US LOOK into the personal records of the holders of the individual posts, apart from those mentioned above.

JUDICIAL YUAN (sinecure): Chen Kung-po, a member of Wang Ching-wei's clique and an accomplice in his flight from Chungking.

CONTROL YUAN (sinecure): Wen Tsung-yao, an old diplomatic official discharged from the service years ago for corruption, "Minister of Foreign Affairs" in the Nanking Regime.

DIRECTOR OF THE MILITARY COUNCIL: Liu Yu-fen, a Hopedi militarist who once served as a divisional commander under Feng Yu-shiang but has lived in retirement since 1930.

INTERIOR: Chen Chun, now holding the same post in Nanking.

FINANCE: Chow Fu-hai, a fugitive from Chungking at the same time as Wang Ching-wei, with independent connections with the Japanese Foreign Office. Chow Fu-hai is a political adventurer with a long history in the Kuomintang and has big ambitions.

JUSTICE: Loh Ting-kuei, a Professor, once member of Carson Chang's Chinese National Socialist Party.

COMMERCE AND INDUSTRY: Chao Shu-yung, publisher of the puppet "Shen Pao" (distinct from the patriotic "Shen Pao" of Shanghai and Hongkong).

EVERY MAN in the new "Government" has sold his country. The whole is so composed, that the Japanese can, if necessary, apply pressure at several points to maintain the balance of power and their own supremacy. Exhumed political corpses like Liang, Jen, Wen and Wang I-tang, bankrupt militarists like Liu Yu-fen, ambitious traitors of the type of Wang and Chou, Wang's cousins and in-laws—truly a fitting crew for the building of the "New Order," the cynical and hopeless farce that the rulers of Japan are building on the blood of a brother people and of thousands of Japan's own sons.

IMPERSONATING POLICE OFFICER ALLEGED

Unemployed Indian In Court

Proceedings against Channan Singh, 27, unemployed, charged with impersonating a police officer at a grocery shop in Castle Peak Road on February 25, and with having, on five other occasions, impersonated a police officer, were commenced at Kowloon Court before Mr. Q. A. A. MacLachlan yesterday.

The first witness called, was Ip Cheung, master of a grocery store at No. 361, Castle Peak Road, ground floor. He stated that about seven o'clock last Sunday evening he was in the store when defendant entered and inquired the price of tinned milk.

On being told the price, defendant proceeded to look about the shop and remarked that witness dog did not have a muzzle. He asked to see witness' dog licence, explaining that he was a plain-clothes inspector of police.

Defendant continued to ask about other licences, and asked to see witness' shop licence and wireless licence. Defendant then wanted to go to the back of the shop and, told witness he would summons him for breaches of his various licences.

Witness then went to the telephone and rang up Shamshipo Police Station, inquiring as to whether a man had been authorised to come to his shop and examine his licences. Two constables were sent to investigate and they arrested defendant on witness identifying him.

It was learned later, the officer prosecuting stated, that defendant had on the same day entered six shops, in each case stating he was a police officer.

Under the distinguished patronage of His Excellency the Governor and Lay Northcote, the Leap Year Supper Ball and Cabaret held at the Gloucester Hotel last night in aid of the British War Organisation Fund was an outstanding success.

The cabaret numbers were very well executed and were warmly applauded. The "Song-Waltz," featuring Miss Jean Greig, assisted by Misses Peggie Scotcher, Peggy Stoneman, Joan Old, Irene Artush, Joan Pennell and Lara Tesar was specially appealing, while Mr. Erich Porjes was as popular as ever at the piano.

Prof. Labrum and his performing horse (L.-Com: J. C. M. Grenham and W. A. Simpson) provided a very humorous feature of an extremely entertaining programme.

GREAT BATTLE RAGES FOR DESERTED VIBORG

Russians And Finns Bring Up Fresh Reinforcements

STOCKHOLM, Feb. 29 (Reuter).—A great battle for deserted and shell-wrecked Viborg has been raging all yesterday.

While the Finnish artillery is pounding the Russians round the Bay of Viborg, their newly-arrived foreign warplanes have been making intensive bombing raids on the Russian lines. Bombs dropped on the ice hurled tanks, guns and men into the icy waters beneath.

Because of the more easily defended nature of the ground, experts in Helsinki have little doubt that the Finnish Forces in Viborg will continue to hold out.

Last night showed a considerable rise in the temperature, which gives hopes that bad weather may come to hamper the Soviet onslaught.

REINFORCEMENTS

HELSINGFORS, Feb. 29 (Reuter).—Fighting in Finland is heaviest in the Viborg area at the moment. One report says that the Soviets have brought two fresh Soviet divisions up into action.

They made a terrific attempt to reach Viborg but the Finns say that they are firmly entrenched in the positions taken up a week ago.

The Finns too have brought up reinforcements, some of them being foreign volunteers. Soviet claims to have taken more positions are denied and it is added that, on the contrary, the Russians have suffered heavy losses.

The loss of the fortresses of Kotivisto does not seem to have made much difference to the Finnish position so far. There are as yet no signs that the fortress, which was dismantled before they withdrew, is being used against the Finnish defences.

AIR ACTIVITY

Soviet bombing on Tuesday decreased somewhat. Hangars were again the chief object of attack, but so far only one casualty is reported.

Meanwhile, Finnish aeroplanes are busy and are reported to have attacked a Soviet air base and munitions dump far behind the Soviet lines.

"Defence Of National Economy" In Turkey

Special To H.K. Daily Press
ANKARA, Feb. 29 (Havas).—The "Defence of National Economy" Bill just promulgated aims at the protection and adaptation of Turkish economy to the war conditions in Europe.

Henceforth, the Government is empowered to take special measures to supervise the consumption and increase in industrial production to prevent speculation.

A permanent inter-Ministerial Committee has been entrusted with the enforcement of such measures.

LABOUR SYSTEM

Among the first steps is a decree establishing compulsory labour system in the coal and fuel industry districts.

A special bank will be created and its main object is to finance the Government's purchases of stocks of coal, coke and other products.

Another aim of the Government's action is to alleviate the crisis prevailing in the coal-mining industry.

U.S. Plan To Combat The Forces Of Autarchy From Gaining Post-War Control

WASHINGTON, Feb. 29 (Reuter).—THE U.S. SECRETARY OF STATE, MR. CORDELL HULL, STATED THAT CONVERSATIONS WERE UNDER WAY BETWEEN AMERICAN DIPLOMATS AND FOREIGN GOVERNMENTS ALL OVER THE WORLD IN THE INTEREST OF PREVENTING THE FORCES OF AUTARCHY, REGIMENTATION AND TOTALITARIANISM FROM GAINING CONTROL AFTER THE END OF THE WAR.

Mr. Hull revealed that copies of his recent statements concerning contacts with neutrals, with a view to establishing better world order after the war, had been sent to all American representatives abroad, so that they could bring them to the attention of the governments to which they were accredited.

Mr. Hull said that the action was taken with a view to making preparations for post-war adjustments, economic and military, and emphasised that the conversations had nothing to do with conditions during the war.

PEACE AND STABILITY
Mr. Hull said that if the forces of peace and stability—especially the economic forces—were not organised preparatory to the transition and reconstruction period after the war, the forces of autarchy, regimentation and totalitarianism would probably have the same tendency they had after the World War.

This tendency was to spread their practices on the ever-narrowing and more disastrous basis through interested areas in the world with much worse destructive efforts than followed a similar policy after ten years of the post-war period.

Wily Nazi Methods Exposed Food Parcels Racket

LONDON, Feb. 29 (Reuter).—It is understood in London that the authorities in Rumania, Yugoslavia and the Netherlands will take steps to stop the wholesale depletion of stocks of foodstuffs in certain areas in their respective countries by parcel remittances to Germany, arising from activities of a concern known as the Fortra Corporation in the United States, which, for example, charges \$3 for a parcel of foodstuffs which can be bought in Holland and sent to Germany for a little more than \$3.

PROFIT FOR NAZIS
The Corporation thus apparently makes a profit of \$5 on each parcel and this balance is at the disposal of the Germans.

It is suggested in some quarters that a large trade between Germany and Sweden is being released to Swedish firms, who make purchases with them in Spain and ship goods to Sweden.

The British authorities, however, are said to be viewing the situation without undue concern.

LABOUR PROTEST

The regulations were announced in the House of Commons by Mr. Malcolm MacDonald, who said that the text of the regulations had been sent to the League Council, together with a memorandum, in case any member of the Council wanted to ask for a meeting to discuss the matter.

LIST OF MATERIALS

The materials listed include iron materials of all kinds, copper, brass, tin, wares, coal, hemp (ramie), raw cotton, hides, leather, vegetable oils, bristles and tea.

In addition to establishing special firms to buy and export to Japan these products, special treatment in the handling of such restricted, or prohibited, articles has been accorded to a number of important Japanese concerns.

Even with such special privileges, these concerns are expected to receive a severe setback if the Yangtze is opened to general traffic, says the Japan Times, as Chinese and third-power industries and traders in the Yangtze Valley will have the advantages of big capital, long tradition and a firm foothold.

Hence it is being urged that the Japanese concerns should be merged into a strong special corporation, with large capital supplied by the Japanese Government and with powerful Japanese interests to exercise control over the various Japanese industrial and commercial establishments in the occupied areas of China.

GOEBBELISMS! "War Of Life And Death" ... "Fuehrer's Command" ... "A Victorious End" ... Etc.

BERLIN, Feb. 29 (Reuter).—Addressing a meeting at Muenster, Dr. Goebbels, Nazi Propaganda Minister, declared that the German nation was now united for the first time in history. The very existence of a United German Nation had been regarded as a challenge by the plutocratic powers of the west.

The German nation is well aware that the present war is a war of life or death.

"Escapes are not possible yet. We know our own means very well, but we also know our opponents means."

"WE DON'T CARE"
"We don't care if our opponents base their judgment of Germany on the opinion of Jewish refugees, nor if they make mad war aims with a view to the utter destruction of the German nation," he declared.

Their efforts to swerve Germany by propaganda will be as futile as their efforts to swerve it by a blockade. Germany had rendered that blockade for the greater part, ineffectual.

THE BEST EVER
Dr. Goebbels said that the German military organisation was the best that ever existed. It was determined and able, at the Fuehrer's command, to bring the war to a victorious end. Every German was determined to stake everything to bring the struggle to a successful conclusion.

"We are well aware what would happen to us if it should be possible to defeat us, he said."

THE NEUTRALS
Dealing with neutrals, Dr. Goebbels said that unlike Mr. Churchill, Germany did not demand their active assistance in the war, but Germany would not tolerate a definition of neutrality which refers to military, but not political, neutrality.

Germany cannot allow an obvious difference between the neutrality of a state and the neutrality of its public opinion. The right of freedom of opinion must not be misused in neutral countries.

League Authority Flouted, Says Major Attlee

LONDON, Feb. 29 (Reuter).—The High Commissioner for Palestine has issued regulations for certain areas covering the transfer of land. The rules provide for two zones.

In the first, the transfer of land to anyone who is not a Palestinian Arab is prohibited generally. The other zone limits sales of land already held by Palestinian Arabs. They will not be allowed to transfer such land to non-Palestinian Arabs without the High Commissioner's permission.

This will be granted only in special circumstances, such as for schemes of irrigation or development, which are in the joint interests both Arabs and Jews.

LABOUR PROTEST
The regulations were announced in the House of Commons by Mr. Malcolm MacDonald, who said that the text of the regulations had been sent to the League Council, together with a memorandum, in case any member of the Council wanted to ask for a meeting to discuss the matter.

Major C. R. Attlee (Labour Leader) protested against this "handling of the matter. It disregarded the Council. The Government was flouting the League's authority."

GOVERNMENT REPLY

Mr. MacDonald denied that the Government was disregarding the League. The matter could be discussed by the League if the Council felt it was necessary. In view of the prevailing conditions, there was practical objection to setting out the regulations in draft form and suspending all action until the League considered them.

MIURA - FRANKLIN "AGREEMENT"

SHANGHAI, Feb. 29 (Reuter).—Out of the blue, the Dome News Agency announced this evening that the Japanese Consul-General, Mr. Y. Miura, and the Chairman of the Shanghai Municipal Council, Mr. Cornell S. Franklin, will sign an agreement at 4 p.m. today.

"providing for the restoration of normal conditions" in the Settlement areas to the north of Soochow Creek, namely, Hongkew and Yangteepoo, which have been under Japanese military occupation since 1937.

The announcement took Shanghai completely by surprise and aroused speculation as to how far-reaching was the agreement—whether it means the re-assumption of full control by the Municipal Police, with the withdrawal of Japanese garrisons, or only fuller district control.

enable them to meet such competition.

NEGOTIATIONS FOR SETTLEMENT OF QUESTIONS AT ISSUE IN SHANGHAI: STATEMENT IN COMMONS

LONDON, Feb. 29 (Reuter).—Mr. B. A. Mr. Butler continued: "Conversations are, in fact, to be resumed between the two parties and it is hoped that these negotiations will lead to a settlement of other questions at issue concerning the Municipal Council's jurisdiction in these areas."

JAPANESE INTENTION

"The latest reports indicate that the crime situation is still very bad in the Western Extra-settlement District, but the Japanese authorities have expressed their intention of doing away with a number of gambling houses and dens of vice to which the disorderly conditions in this district are chiefly due."

Sir John Wardlaw-Milne (Con.) asked: "Will Mr. Butler express the appreciation of this country to the Japanese for the definite action contemplated and press them, if possible, to get on with the work?"

Mr. Butler replied: "I will see that the expression of appreciation is passed forward and the work pressed as he desires to Tokyo."

THE NEW HOUSECOAT
— but it comes down to breakfast with equal distinction. A go-ahead relative of your old friend the dressing gown, housecoats make the first real fashion change-over of the war.

ONE OF LONDON'S BEST KNOWN DRESSMAKERS took his autumn collection for a tour of the provinces. He found Englishwomen have made up their minds—evening dresses are out of the wartime picture. He said: "Women will not dress up in the evenings—not in even the most simple dinner frock. What they want are housecoats."

And there you have the key to the fashion picture—this wartime—housecoats, housecoats, and more housecoats.

HOUSECOATS, or even worse, hostess gowns, as they sometimes get called, sound high-flying for you and me. But a description of my call-it-what-you-like would take three lines of type, starting off with breakfast robe through tea gown into evening wrap.

ONE OF THE SMARTEST is made mainly of soft navy blue woollen. The front part of the bodice and the neat collar are scalloped on in cyclamen wool. The waist is small, the skirt full, and a ripp fastener closes it down the front. And if you haven't deserted evening frocks entirely, it would make a fine evening coat over a cyclamen dress.

FASHION'S FADS AND FANCIES

WARTIME is having its effect on the work of fashion designers. Among latest novelties is the "identity" frock, which introduces the wearer's name and address in the form of a gold-plated necktie.

DESPITE difficulties confronting them, French women continue to dress as attractively as possible.

In line, there is little of everything—belts, coats with accentuated skirt fullness in loose pleats, though rather than flared full-length loose swing-back styles, completely straight waistless coats, fastening down the central-front and hugging the hips. Although strictly tailored clothes have fairly long straight jackets, there are many more dressy afternoon suits which exploit the ever youthful bolero; sometimes it is a separate jacket and at other times it is cut in to the front of a one-piece frock, which contrasts colors, such as black and rose, fuchsia and blue and black and brown.

ONE of the most striking new notes is introduced in the high-sleeved top effect, achieved either by circular cut of

by gathers in the finer and more fluff fabrics.

THERE are already many loose baggy "mutton" sleeves, in either full wrist length, or stopping at the elbows; their tops vary with every designer, and great originality crops out in the method of their peaks and darts.

Another promising sleeve is banded tightly at the hand; these occur in the informal dinner dress which replaced the dressier affair, with its long sash by way of a black decolletage, and this type of evening dress is banded high at the neck, a fashion which dies hard.

PARISIAN dressmakers show both short and long sleeves with their new clothes. The gay make-up in gloves, trimmed with coral kid bands, are smart. Matching gloves and scarves in pale or vivid pastels are a great success for wear with black costumes.

THE "MILE-HIGH" silhouette is very fashionable and consists of ultra slender evening dresses, fitting like one's skin, with rather high waists and a froth of fullness at the feet.

Round The Shops

CHEERFULNESS, CHARM AND CHIC are the striking notes in the Spring Fashion displays of the modiste shops in Hongkong this week. The whole range of feminine requirements for outdoor and indoor wear to please every woman's particular whim and taste exudes that "spring is in the air" feeling—whether they be hats, morning and afternoon frocks or evening wear.

Shipping difficulties owing to war conditions certainly do not appear to have prevented the Colony's millinery establishments from procuring the best and latest models and styles from the fashion dictators overseas and even now, more stocks are on the way out to Hongkong.

Spring Hats:

Hats for the spring season are featured in Lane, Crawford's display this week. "Feminine interest in headgear in the Ladies' Salon here will be enhanced by the attractive Ann Sheridan models offered their customers. These hats, designed in wine, black and white straws, have a special appeal to which women will soon succumb, for their neatness and style are pleasingly noteworthy. Apart from this particular model, Lane, Crawford's have a variety of other styles in black and dark shades with high crowns and brims—with or without veils. A really wonderful selection and at the most reasonable prices.

New Millinery:

The latest spring and summer models in millinery is the keynote of what Mayo's, in the Arcade, are offering their customers, and latest is correct, for the greater part of their goods on display have only just arrived from fashion designers abroad. Turned out in the most delightful styles, these spring and summer models are available in a variety of colours—from sombre shades to bright and cheery hues to delight and gladden every fancy. No round of visits to the city shops will be complete without a call at Mayo's.

Fashions For All:

Rivelle, in the Arcade, will have a pleasant surprise for her customers early next week—for "Fashion's Latest" is due to arrive at her establishment. This shipment will contain spring and summer goods of every design and variety—the latest in evening and day dresses, exquisite in their creation and tailoring style and hats and accessories to match and add those delightful finishing touches to the fashionable attire of the woman of today. Rivelle is particular about her choice of goods and this characteristic has been born of a wide experience in always pleasing her customers. Her new goods will, therefore, be something to look forward to and no one can possibly be disappointed with what she has selected.

Hats & Snoods:

The house for hats—Reme, on the second floor of the Asia Life Building—is also awaiting the arrival next week of her new goods from abroad for the spring season. Worthy of special mention in this shipment are her new hats and snoods—models designed by the most expert hands in cities which set the fashions for others to follow. In the meantime, Reme's re-modelling service is having a busy time—twisting and designing new shapes and styles in head gear for all ages and all tastes. Of her many customers, not one has ever said that Reme was not able to satisfy the most fastidious wishes.

Studio de Luxe:

A friend of ours, who visited Studio de Luxe, on the fourth floor, Pedder Building, last week, has informed all his acquaintances how pleasantly surprised he was at not only the splendid work done by the Studio, but at the very fair charges they make for their services. He was really the most satisfied of all those who, while wishing to have their portraits taken, yet fight shy of facing a camera. The art of Studio de Luxe, however, was a revelation to him and he was sincere in the tribute he paid to the care, courtesy and attention he received at the Studio de Luxe, which, in his opinion, ranks high with work done by expert photographers in other parts of the world.

COOKING FRESH PEAS

WHEN COOKING FRESH PEAS, do not shell them. While they are cooking, the pods burst and float to the top of the water, where they may be easily scooped off. The peas have a better flavour.

A Lass in Red and Green

RED AND GREEN feature this flared skirt of black wool, worn by Maureen O'Hara. The Dutch boy pockets are smart and new. The tailored blouse is bright red crepe, her pull-on hat a darker red felt trimmed with a "shaving brush" feather. Handbag and heavy walking shoes are black leather. Maureen is seen against a background of fifteenth century Paris, constructed for the filming of "The Hunchback of Notre Dame," showing at the Queen's and Alhambra in which she is Charles Laughton's leading lady.

Dressing The Young For—THE WORLD OF TO-DAY

THE TREND TOWARD DUPLICATING, OR AT LEAST IMITATING, ADULT FASHIONS in children's styles, grows apace. Not only are children's costumes more highly styled than formerly, but the every day dresses worn by mothers and even grandmothers, are younger and more casual than they were in the world of yesterday.

So while children's styles advance toward sophistication, ensembles for matrons increasingly effect nonchalance and youthfulness. Thus, travelling in opposite directions, they meet on middle ground.

Play Cloths:

Take play clothes, for instance. Young things and their elders alike may wear slacks and shirts to romp in or to pull over their

bathing suits, or dresses made in one with shorts and with separate but harmonized skirts, whose function it is to make the costume suitable for trips in trains or motorcars or for walks through populated streets.

Among the materials that mothers find require a minimum of servicing, despite rough wear are seersucker, spun rayon, sail cloth, broadcloth, sharkskin, linen crash and poplin. They should be sanforized-shrunk and colorfast. Plaids, checks, stripes and dots are just as popular for youngsters as for grown-ups.

For Sundays:

Sundays bring different requirements and so do some afternoons and evenings in the week. For these the same silhouettes appear for all ages, modified, of course, according to the dimensions of the wearers.

The gypsy frock with long, full sleeves and swirling skirt is a favourite. It may be developed in twin prints that supply the contrast top, or stripes may be so worked that they are perpendicular or chevron-wise or diagonal in the skirt and horizontal in the bodice; or a shirtwaist effect may be secured by the use of a different fabric and colour—usually white—for the bodice.

The Dashing Sash:

The extremely wide and dashing sash of adult costumes does not appear in the juveniles. Drirdis dramatize themselves with dainty gimpes, apron fronts, and boleros.

Some of the newest boleros are made of chenille and other smart models are of raffia. Princess dresses are effective in slimming the waist and hips of girls who are a little too plump for their height.

Jacket dresses, on the other hand, are excellent for thin, rangy figures, for they cut them in two and give them width by a horizontal line.

Coat Dresses:

Coat dresses with flared skirts and that button straight down the front, have an attractive tailored appearance. Developed in, pique for children up to 10 years of age, they are now looking prettier, and can well serve also as coats over frocks.

Party Dresses:

Party dresses for youngsters are made with built-up shoulders, short, puffed sleeves, very moderate decolletages, and full skirts. Little jackets may accompany them. Silk, rayon and cotton alpaca and pique are suitable ma-

materials and the pastel colours in plain surfaces are dainty and girlish. However, dots, plaids and stripes are in the picture. Ribbon run through beading is a revival of an attractive fashion of day-before-yesterday.

And Hats:

Hats are often only brims tied on, a sensible idea, for the brims supply shade and there is no crown to add warmth and conceal the hair.

Old-fashioned sunbonnets are excellent on the beach and hoods attached to capes are convenient. The peasant kerchief is a good fashion, too. For dress-up broad brims and low crowns predominate—very

Mexican Oil Controversy Developments

SPLIT IN FOREIGN INTERESTS?

MEXICO CITY, Feb. 29 (Reuter).—According to the newspaper Excelsior, Mexico is preparing to take the first step for a definite solution of the petroleum controversy by paying the Sinclair Petroleum Company indemnity "in immediate form" and in cash.

RECENT STATEMENT
This announcement follows a recent statement by President Cardenas that "the oil crisis will be solved satisfactorily for Mexico before the end of my term," that is, say within the next eight months.

The amount mentioned as payable to the Sinclair Petroleum Company is \$7,000,000.

Local oil circles make no comment on the announcement, which, if true, would indicate a split in the policy of foreign oil interests involved in expropriation.

STOCK EXCHANGE: KAFFIRS MOVE UP

Wall Street was firm.

France Asked To Abrogate Trade Treaty With Japan

CHENG TU, Feb. 29 (Central).—Eighty-three prominent leaders in Chengtu have jointly sent a message to M. Daladier, the French Premier, asking him to abrogate the Japanese-French Commercial Treaty as a warning against Japan's bombing of the Yunnan Railway.

They have previously sent a letter to President Roosevelt requesting him not to conclude any new commercial treaty with Japan after the expiration of that of 1911.

HEALTHY ECONOMIC SITUATION IN INDO-CHINA

HANOI, Feb. 29 (Havas).—The European war has not disturbed French Indo-China's economic life, figures just released here reveal.

September and October exports averaged 373,000 tons, against 376,000 tons in August. Imports were 58,000 tons against 69,000 in August, but the average for the first eight months in 1939 was 55,000 tons.

Principal exports were coal (160 tons) in October and rice and rubber—more than 5,000 tons in October.

The principal countries of destination were French colonies, notably French West and Equatorial Africa, China and Japan and, surprisingly enough, Cuba.

Other economic figures indicate the colony's healthy situation.

HEALTHY POSITION

Loaded cars index is going up and coal extraction has increased ten per cent.

Deposits of current accounts increased by one-million piastres and the wholesale index of Indo-Chinese stocks on the Paris Bourse climbed from 51 in August to 58 in November.

Improvement is especially noticeable in the plantation and industrial stocks group, which scored still more important gains in December. Rice and corn quotations were steady.

Tin Control Signatories

LONDON, Feb. 29 (Reuter).—In the House of Commons yesterday, Prof. Graham Kerr (Con.) asked Mr. Malcolm MacDonald, Secretary for the Colonies, if, in view of the proximity of the independent protected state of Sarawak to a British possession in the East and its strategic importance, he will inform the House in regard to the recent deposition of the Rajah Muda and the resignation, some months earlier, of five members of the Civil Service, including the Chief Secretary, Financial Secretary, Chief Justice and Principal Medical Officer.

Mr. MacDonald, in reply, said that the relations of His Majesty's Government with the State of Sarawak were governed by the Agreement of 1888, under which Sarawak was recognised to be an independent sovereign state. In the internal affairs of which His Majesty's Government had no authority to interfere, except for the limited purposes mentioned in the agreement.

In these circumstances, Mr. MacDonald was of the opinion that it would be improper for him to make any comment on the facts referred to in the question.

DIESEL BOATS FOR COAL-BURNING VESSELS

AMSTERDAM, Feb. 29 (Havas)—A proposal to exchange Diesel-engined oil-burning tug-boats against Dutch Coal-burning vessels was made by the Reich to several Dutch shipping concerns.

The offer has been favourably received here, as Diesel-engined boats are much cheaper to operate. The proposal was apparently made because German firms expect further restrictions in the use of oil for civilian purposes in Germany.

Two New Motorships Being Built For The Klaveness Line

Two new motorships are now being constructed in Norway for the Klaveness Line, the first of which is expected to go into service between Pacific Coast ports and the Orient at the end of this year and the second one at the beginning of 1941.

The vessels, which are so far unnamed, have been designed especially for the Trans-Pacific trade, and their principal dimensions are as follows:—Length over all, 468 feet; Beam, 59 feet; Depth, 29½ feet; Twin screw Sulzer diesel engines; Total horse-power, 8,300; Sea-speed fully loaded, 16 knots.

REFRIGERATOR SPACE

Each vessel will have 12,000 cubic feet of refrigerator space in two compartments also a freezing room to accommodate frozen cargo, 1,000 cubic feet capacity.

The vessels will accommodate 12 passengers each in four double cabins and 4 single cabins, all outside rooms located in the Bridge House. Each room will have a connecting bath and the passengers' quarters will include a smoking room in addition to the dining saloon.

LATEST EQUIPMENT

Besides the usual short wave and long wave radio sets, the vessels will be furnished with direction finder, electric sounding machine, and gyro compass and will, in every respect, be furnished with the latest in nautical engineering.

Captain Olaf Carlsson, who has commanded the Cornville since the inception of the service ten years ago, will be the master of the first of the new vessels.

ORIENTAL ITINERARY

The Oriental Itinerary of the Klaveness Line is from Los Angeles Harbour to Manila, Iloilo, and Cebu, P.I., Hongkong (Saigon optional), Singapore, Belawan, Deli, Java ports and return via the Philippines and Hongkong.

A. F. Klaveness & Co., A/S, as owners of the Klaveness Line, operate a total of 26 ships in different services. In addition to the new buildings for the Klaveness Line, two extra ships are under construction which might also be included in the Klaveness Line, which would make a total of eight ships.

The Prime Minister has set up a Committee to consider how best the services of voluntary bodies can be used to deal with social problems that have arisen, or may arise, as a result of the war (Reuter).

MUCH ENTHUSIASM EVINCED IN 'VARSITY ATHLETIC MEET

"LAID DOWN TO DIE"

DRAMATIC RESCUE AT SEA

LONDON, Feb. 29 (Reuter).—Homeward bound from the Far East, the British steamer Glenorchy passed through a large patch of oil floating on the water and half an hour later her Captain, William Christie, sighted an open boat, about eighty miles from the Spanish coast, showing no sign of life.

CAME TO LIFE

The Glenorchy circled round and sounded her whistle, whereupon, Capt. Christie said, "the boat came to life with heads and waving arms."

It contained the Captain, Chief Engineer and eleven men of the Dutch motor-tanker Denhaag, who were exhausted and starving and who, after drifting for four days, had laid down to die.

Nothing is known of the fate of twenty-six other members of the Denhaag who took to two of the other boats.

Compulsory Saving During War: Well-Known Economist's Plan To Counteract Slumps

LONDON Feb. 29 (Reuter).—A scheme for compulsory saving during the war, which was recently propounded by the well-known economist, Mr. W. M. Keynes, came within the Parliamentary orbit last night when Mr. Keynes addressed 250 Commonsers of all parties.

Mr. Keynes argued that the rising proportion in all wages over a certain minimum figure should be compulsorily invested until the end of the war, when repayments would increase the purchasing power and tend to counteract trade depression.

A family allowance should be granted, amounting to five shillings weekly for every child under fifteen years and a capital levy be imposed after the war.

Mr. Keynes has arranged to meet the Commonsers again for further discussion.

LORDS' INTEREST

Mr. Keynes' scheme was also mentioned in the House of Lords, who were debating national economics.

Lord Hankey, replying to the debate, said Mr. Keynes' plan for deferred pay have not been rejected by the Government. He intimated that before adopting compulsion, the Government must see whether loans could not be obtained voluntarily and quoted figures showing that there had been a reduction in civilian buying.

As the war effort developed there would have to be greater curtailment of civilian consumption. Lord Stamer declared that such retrenchment in civilian buying was possible before the nation, as a whole, had to live on a lower standard than in 1914.

Secretary-General of the Executive Yuan, the report adds.

It is rumoured that Dr. Chu will shortly be appointed Mayor of Greater Shanghai and that Ting Mo-chun, Minister for Social Affairs, will be appointed concurrently Mayor of Nanking, the report concludes.
